

NOTICE OF PRIVACY PRACTICES

As Required by the Privacy Regulations Created as a Result of the Health Insurance Portability and Accountability Act of 1996 (HIPAA)

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU (AS A PATIENT OF THIS PRACTICE) OR YOUR CHILD (IF HE/SHE IS UNDER AGE 18) MAY BE USED AND DISCLOSED, AND HOW YOU CAN GET ACCESS TO YOUR INDIVIDUALLY IDENTIFIABLE HEALTH INFORMATION.

A. OUR COMMITMENT TO YOUR PRIVACY

Our practice is dedicated to maintaining the privacy of your individually identifiable health information (IIHI). In conducting our business, we will create records regarding you and the treatment and services we provide to you. We are required by law to maintain the confidentiality of health information that identifies you and to provide you with this notice of our legal duties and the privacy practices that we maintain in our practice concerning your IIHI. By federal and state law, we must follow the terms of the notice of privacy practices that we have in effect at the time.

We realize that these laws are complicated, but we must provide you with the following important information:

- How we may use and disclose your IIHI
- Your privacy rights in your IIHI
- Our obligations concerning the use and disclosure of your IIHI

The terms of this notice apply to all records containing your IIHI that are created or retained by our practice. We reserve the right to revise or amend this Notice of Privacy Practices. Any revision or amendment to this notice will be effective for all of your records that our practice has created or maintained in the past, and for any of your records that we may create or maintain in the future. Our practice will always post a copy of our current Notice in our offices in a visible location, and you may request a copy of our most current Notice at any time.

Melissa Downey, Billing & Insurance Administrator: 812-379-9624 x106

C. WE MAY USE AND DISCLOSE YOUR IIHI IN THE FOLLOWING WAYS:

1. Treatment. Our practice may use your IIHI to treat you. For example, we may ask you to have laboratory tests and we may use the results to help us reach a diagnosis. We might use your IIHI to write a prescription for you, or we might disclose your IIHI to a pharmacy when we order a prescription for you. Many of the people who work for our practice – including, but not limited to, our doctors and nurses – may use or disclose your IIHI to treat you or to assist others in your treatment. Additionally, we may disclose your IIHI to others who may assist in your care. Finally, we may also disclose your IIHI to other health care providers for purposes related to your treatment.

2. Payment. Our practice may use and disclose your IIHI to bill and collect payment for the services you receive from us. For example, we may contact your health insurer to certify that you are eligible for benefits, and we may provide your insurer with details regarding your treatment to determine if your insurer will cover, or pay for, your treatment. We also may use and disclose your IIHI to obtain payment from third parties that may be responsible for such costs, such as family members. Also, we may use your IIHI to bill you directly for services and items. We may disclose your IIHI to other health care providers and entities to assist in their billing and collection efforts.

3. Health Care Operations. Our practice may use and disclose your IIHI to operate our business. As examples of the ways in which we may use and disclose your information for our operations, our practice may use your IIHI to

evaluate the quality of care you received from us, or to conduct cost-management and business planning activities for our practice. We may disclose your IIHI to other health care providers and entities to assist in their health care operations.

4. Release of Information to Family/Friends. Our practice may release your IIHI to a friend or family member that is involved in your care, or who assists in taking care of you. For example, a parent or guardian may ask that a babysitter take their child to the pediatrician's office for treatment of a cold. In this example, the babysitter may have access to this child's medical information.

5. Disclosure of Information for the Indiana CHIRP Immunization Registry. The State of Indiana maintains a registry that records the immunization history of individuals. With the implementation of Electronic Medical Records (EMR), we are required to participate in and upload immunization data with the state. Our uploading of this data is a benefit to the patient. Any practitioner who is enrolled in the CHIRP program can pull immunization information out of the system. Patients do not have to request their immunization history from prior doctors or clinics. Indiana states that you automatically consent to disclosure of this information, but you may opt out if you desire.

6. Required by Law. Our practice will use and disclose your IIHI when we are required to do so by federal, state, or local law.

8. Workers' Compensation. Our practice may release your IIHI for workers' compensation and similar programs.

E. YOUR RIGHTS REGARDING YOUR IIHI

You have the following rights regarding the IIHI that we maintain about you:

1. Confidential Communications. You have the right to request that our practice communicate with you about your health and related issues in a particular manner or at a certain location. For instance, you may ask that we contact you at home, rather than work. Our practice will accommodate **reasonable** requests. You do not need to give a reason for your request.

2. Requesting Restrictions. You have the right to request a restriction in our use or disclosure of your IIHI for treatment, payment, or health care operations. Additionally, you have the right to request that we restrict our disclosure of your IIHI to only certain individuals involved in your care or the payment for your care, such as family members and friends. **We are not required to agree to your request;** however, if we do agree, we are bound by our agreement except when otherwise required by law, in emergencies, or when the information is necessary to treat you. To request a restriction in our use or disclosure of your IIHI, you must make your request in writing to the **Office Manager, Northside Pediatrics, 4225 Vickers Drive**. Your request must describe in a clear and concise fashion:

- (a) the information you wish restricted;
- (b) whether you are requesting to limit our practice's use, disclosure, or both; and
- (c) to whom you want the limits to apply.

3. Inspection and Copies. You have the right to inspect and obtain a copy of the IIHI that may be used to make decisions about you, including patient medical records and billing records, but not including psychotherapy notes. You must submit your request in writing to **[insert name, or title, and telephone number of a person or office to contact for further information]** to inspect and/or obtain a copy of your IIHI. Our practice may charge a fee for the costs of copying, mailing, labor, and supplies associated with your request. Our practice may deny your request to inspect and/or copy in certain limited circumstances; however, you may request a review of our denial. Another licensed health care professional chosen by us will conduct reviews.

4. Amendment. You may ask us to amend your health information if you believe it is incorrect or incomplete, and you may request an amendment for as long as the information is kept by or for our practice. To request an amendment, your request must be made in writing and submitted to **Office Manager, Northside Pediatrics, 4225 Vickers Drive**. You must provide us with a reason that supports your request for amendment. Our practice will deny your request if you fail to submit your request (and the reason supporting your request) in writing. Also, we may deny your request if you ask us to amend information that is in our opinion: (a) accurate and complete; (b) not part of the IIHI kept by or for the practice; (c) not part of the IIHI which you would be permitted to inspect and copy; or (d) not created by our practice, unless the individual or entity that created the information is not available to amend the information.

5. Accounting of Disclosures. All our patients have the right to request an “accounting of disclosures.” An “accounting of disclosures” is a list of certain non-routine disclosures our practice has made of your IIHI for non-treatment, non-payment, or non-operations purposes. Use of your IIHI as part of the routine patient care in our practice is not required to be documented. For example, the doctor sharing information with the nurse; or the billing department using your information to file your insurance claim. To obtain an accounting of disclosures, you must submit your request in writing to **[insert name, or title, and telephone number of a person or office to contact for further information]**. All requests for an “accounting of disclosures” must state a time period, which may not be longer than six (6) years from the date of disclosure and may not include dates before April 14, 2003. The first list you request within a 12-month period is free of charge, but our practice may charge you for additional lists within the same 12-month period. Our practice will notify you of the costs involved with additional requests, and you may withdraw your request before you incur any costs.

6. Right to a Paper Copy of This Notice. You are entitled to receive a paper copy of our notice of privacy practices. You may ask us to give you a copy of this notice at any time. To obtain a paper copy of this notice, contact: **Front Office Manager, Northside Pediatrics, 812-379-9524**.

7. Right to File a Complaint. If you believe your privacy rights have been violated, you may file a complaint with our practice or with the Secretary of the Department of Health and Human Services. To file a complaint with our practice, contact **Office Manager, Northside Pediatrics, 4225 Vickers Drive**. All complaints must be submitted in writing. **You will not be penalized for filing a complaint.**

8. Right to Provide an Authorization for Other Uses and Disclosures. Our practice will obtain your written authorization for uses and disclosures that are not identified by this notice or permitted by applicable law. Any authorization you provide to us regarding the use and disclosure of your IIHI may be revoked at any time in writing. After you revoke your authorization, we will no longer use or disclose your IIHI for the reasons described in the authorization. Please note, we are required to retain records of your care.
